

## Company Profile

- **About Us:**

PPO is an established international provider of diverse range of products to oilfield, Refineries and energy sector. We invest in frontier markets to provide high quality with international standards products using leading technology and resources. We are covering most of the oil, gas, refinery and energy sectors products throughout the world.

- **Our Strategy:**

To focus on our target markets and utilize our strengths to satisfy our customers' needs, urgent delivery, special items, and projects turnkey full supply.

- **Our Value:**

Our values are at the heart of who we are as a company and as individuals. They determine how we behave with respect to our customers, business partners, colleagues and competitors. We wish to earn our clients enthusiastic trust and faith through passion, integrity, teamwork and responsibility.

- **Our Mission:**

To help our clients make distinctive, lasting, and substantial improvements in their performance and to build a great firm that attracts, develops, excites, and retains exceptional people.

- **Our Main Supply:**

- Old products replacement.
- Workshop and Maintenance Products supply.
- Process Packages.
- Projects Supply.

- **Our Scope of supply:**

- **Valves:**  
Ball, Gate, check, Butterfly, block Double Block and Bleed Valves(DBB), Control valves ,  
Emergency shutdown valves(ESDVs), Chock valves, Pressure safety valves (PSV), Pressure

vacuum valves and vent valve, gauge hatches, emergency pressure relief vents, flame arrestors.

- **Pumps:**  
Centrifugal, Reciprocating, Positive displacement , injection pumps Progressive cavity pumps, Screw pumps, Dosing pumps, Gear pump, Magnetic driven pump.
- **Instrumentations:**  
Orifice Plates , Orifice Flanges, Pressure Gauges, Temperature Gauges, Sensor, Thermo well Pressure transmitters, Temperature transmitters, level and flow transmitters and Level and flow switches, Flow meters, SCADA systems, Metering skids.
- **Process Pipes and Fittings:**  
Pipes (seamless and EWR), Flanges (Weld neck, Slip on, Socket weld, threaded, Blind), Couplings, high pressure hoses, Anchor Flanges, Gaskets (Spiral wound Gaskets, Metal Ring Gaskets, Asbestos Free Soft Cut Gaskets as), Plugs, Elbows, Bends, reducers, Expanders, Tee, Equal Tee, Reducing Tee, Concentric and Eccentric Reducers, Equal Tee, Reducing Tee, Unions, Bushings, Stud bolts, Caps, Nipples , Induction Bends, Split Tee's and Barred Tee's Spades, Spacers , Spectacle.
- **Pressure Vessels:**  
Crude oil and gas storage tanks, Separators, hot water storage tanks, recompression chambers, distillation towers, pressure reactors, autoclaves.
- **Heat Exchangers:**  
Tube and shell types, Tube bundles and expanders, finned tube.
- **Electrical equipment:**  
Enclosures for hazardous locations, PLC, local control stations, UBS, Transformers, Power Transmissions lines, control panels, Generators, Motors, Batteries, Circuit Breakers, Receptacles, Heat Shrinks, Relays, Switches, Starters, terminal box, Termination Kits, wires.
- **Cables:**  
Instrumentation, power and communication cables, Cable Tray, cable glands.
- **Chemicals:**  
surfactants, demulsifies, polyester and polyurethane.

- **Process Packages:**

- Dewatering systems and equipment.
- Dehydration, dew pointing, heating.
- CNC machinery.
- Line pipes: seamless pipe, EWR pipes.
- Compressors: Stationary and portable Air and Gas compressors (Reciprocating, rotary, Centrifugal, Axial).
- Nitrogen generator skids.
- Mining tools.
- Gear Boxes.
- Mechanical seals.

- **Other Products:**

- Workshop and maintenance tools & machines.
- Rescue boats and engines.
- Safety and security equipment.
- Mud pumps, mud systems & mud tanks.
- Corrosion control, corrosion coupons & cathodic protection products.
- Fire & gas detectors.
- Motors, heaters, engines and spares.
- Winches & cranes, hoists.
- Firefighting equipment.
- Water treatment and filtration equipment.
- Fired heaters, fired furnaces, heaters, boilers, reduction systems for petrochemicals and refining operations.
- Pipeline rehabilitation equipment.
- Biogas applications equipment.
- Tubes and heat exchanger rehabilitation equipment.
- Furnaces, boilers and burners.
- Cryogenic vaporizers.
- Electrical heaters.
- Oil coolers.
- Oxygen analyzers.
- Steel plates.
- Valve testers.
- Mixers.
- Loading arms.
- Loading and offloading skids.
- Electrical mergers.
- Air conditions.
- Water distillation units.
- Scraped surface crystallizers.
- Scraped surface exchangers & chillers.
- Cutting machine.
- Lubricants, coolants & fluids.
- Welding & soldering equipment.
- Nitrogen analyzer.
- Water deionizer.
- Distillation tester.
- Reformer unit.
- Scaffolding.
- Refrigerators.
- Saws.

In addition to above listed products PPO can source the special products for abroad manufacturers and can help on the fast needed products with very fast delivery period.

With Best Regards,
